FOREWORD

Pertinent statistics on education in New York State for 1978-79 and trends for earlier years appear here. Emphasis is placed on summary tables and figures, but details for separate school districts are provided in tables appearing in the appendix.

Information for elementary and secondary schools, higher and professional education, libraries and special programs is reported.

Because of rounding, totals shown in a few of the tables differ slightly from sums obtained by actually adding the component values appearing therein.

Unless otherwise specified, information contained in the tables was obtained from the Information Center on Education.

a/ Data in this table deal with positions rather than people. For example, if an employee of a district worked in more than one position (e.g., Director of School Medical Services and School Nurse-Teacher), the employee is counted as one position in each field.

b/ Data exclude the cities of Buffalo, New York, and Rochester, in which health services are not provided under the auspices of the public school district.

CHAPTER 3

PUBLIC ELEMENTARY AND SECONDARY SCHOOL STUDENTS

In the fall of 1978, the public schools enrolled 3,083,800 students, 128,049 fewer than the previous year. Of these students, 1,498,774 were enrolled in K-6, 1,562,137 in 7-12, and the remaining 22,889 in BOCES classes. The racial/ethnic distribution shows that 28.7 percent of public school students (excluding BOCES students) were members of minority groups.

The number of day public high school graduates was 208,335 in 1979, a decrease of 2,385 over 1978. Of these students, 61 percent entered degree-granting institutions of higher education and 4 percent entered other postsecondary institutions.

During 1978-79, 180,709 handicapped children received educational services from public school districts, BOCES, and other agencies.

Public summer high school classes were offered in 396 high schools in 1978 an increase of 29 from 1977. Pupil enrollment increased from 114,008 in 1977 to 115,636 in 1978.

Special aid was provided for instruction of 4,103 migrant children during the 1978-79 school year, an increase of 30 from 1977-78. During the summer of 1979, 702 migrant children received instruction, 388 less than a year earlier.

NOTE: Applications to CUNY institutions are received and processed on a university-wide basis through the university application processing center. Transfer applications accepted, as reported in this table, may reflect the students' first, second, or third choice of institution. However, transfer applications received reflect only the students' first choice. First-time student applications received are estimated to be the same as applications accepted.

APPENDIX

This appendix contains enrollment, attendance, and financial data by district, county, and region. In all, 14 tables are included here.

Tables 55 and 56 contain enrollment data for districts grouped by county, region, and district. Attendance data appear in tables 57 and 58. Average Daily Attendance (ADA) is the total aggregate attandance divided by the number of days in the school session. All students in attendance are weighted equally, regardless of grade level. Weighted Average Daily Attendance (WADA) is calculated in a manner similar to ADA except that only the four or five best attendance periods are used, and students in attendance are weighted according to grade level: 0.50 for 1/2 day kindergarten; 1.00 for full-day kindergarten through grade 6; 1.25 for grade 7 through grade 12.

Financial data including revenues, expenditures, property values, and tax levies are shown in tables 59 to 68, both as totals and on a per-pupil basis.

NOTE: Because of rounding, totals shown in a few of the tables differ slightly from sums obtained by actually adding the component values appearing therein.
